A MESSAGE FROM THE CEO

BUILDING A FASTER, MORE TRANSPARENT WAY TO SOURCE

Dear Customer,

Trade Credit is developing a WhatsApp-first, fast-delivery sourcing model designed to make purchasing everyday materials simpler, faster and more transparent.

Our goal is straightforward: you should not need to send a driver, leave your office or warehouse, or spend valuable time visiting different shops to source materials. Simply send your requirement to Trade Credit through WhatsApp. We will source it through our growing network of partner suppliers and market shops and deliver it directly to your office, warehouse, project site or home.

Through this Public Price Book, we aim to present genuine, market-aligned prices as clearly and transparently as possible. You are always welcome to compare our listed prices with your current suppliers and previous purchases. We believe your confidence must be earned through fair pricing, dependable sourcing and reliable delivery.

This first edition begins with safety products and essential pantry, cleaning and workplace supplies. Future editions will expand into machinery and tools, stationery, plumbing, electrical materials and many more categories as our supplier network continues to grow.

Our long-term ambition is for Trade Credit to become your single reference point for checking prices, sourcing materials and arranging delivery - regardless of what you require or where in the market it is available.

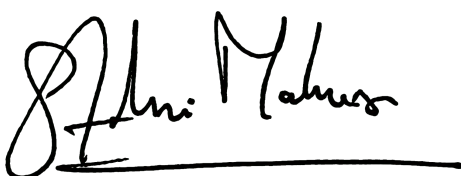

This is only the beginning. To make this model work and improve it with every edition, we need your trust, feedback and support. Every enquiry, price comparison and order helps us build a better and more useful sourcing platform for everyone.

For the time being, send us what you need from this **Safety & Pantry Price Book**. If the product you require is not listed, simply send us a photograph or description of the item.

Send us what you need. We will find it, confirm the price and deliver it to your comfort space.

Thank you for being part of the Trade Credit journey.

Sincerely,

Chief Executive Officer
TRADE CREDIT

TERMS & CONDITIONS

CLEAR TERMS FOR SOURCING, CONFIRMATION AND DELIVERY

1 PRICES & VAT

Prices shown in this book are public reference prices in Saudi Riyals and exclude VAT. VAT at the applicable rate will be added and shown on the final quotation or tax invoice.

2 FINAL PRICE CONFIRMATION

Published prices are indicative and may change with supplier, brand, quantity or market conditions. The price confirmed through Trade Credit WhatsApp before ordering is final.

3 AVAILABILITY

All items are subject to stock availability at the time of enquiry. A listed product is not a stock guarantee. Availability and expected delivery time will be confirmed before order acceptance.

4 ORDER CONFIRMATION

An enquiry does not create an order. An order is accepted only after the item, quantity, price, delivery location, payment method and any special requirements are confirmed in writing.

5 PAYMENT & CREDIT

Payment is due according to the terms stated in the confirmed quotation or invoice. Credit facilities, where offered, require prior approval and remain subject to the agreed credit terms.

6 DELIVERY

Delivery estimates begin after order confirmation and are subject to supplier readiness, traffic, site access and customer availability. Any delivery charge will be disclosed before confirmation.

7 PRODUCTS & SUBSTITUTIONS

Brands, specifications and pack sizes will follow the confirmed order. If the requested item is unavailable, no alternative will be supplied without the customer's approval.

8 INSPECTION, RETURNS & EXCHANGES

Customers should check quantity and visible condition upon delivery and report any issue promptly. Returns and exchanges follow applicable law and the confirmed supplier policy; statutory rights remain unaffected.

9 WARRANTY & DEFECTS

Where applicable, products carry the original manufacturer or supplier warranty. Trade Credit will assist with valid warranty or defect claims using the invoice and supporting evidence.

10 CANCELLATION & SPECIAL ORDERS

Cancellation is permitted before sourcing begins. Special-order, cut-to-size, imported, branded or otherwise customised goods may not be cancellable or returnable once approved and ordered.

IMPORTANT

These terms do not exclude or restrict any rights available under the applicable laws of the Kingdom of Saudi Arabia.
